Washington, DC 20554

August 9, 2005

Re: WC Docket No. 05-196/Subscriber Notification Report (*filed via ECFS*)

Dear Ms. Dortch:

1. Clear Sky Broadband, Inc. ("CSBB") provides converged network services over a private network (not the public internet) principally to enterprise customers. Interconnected VoIP services are a part of CSBB's hosted services.
2. On August 4, 2005, CSBB e-mailed a letter to each of its customers of record that use VoIP services advising each such customer that E911 service is not currently available under CSBB's VoIP service. If a customer of record has more than one business location (e.g., a headquarters plus one or more branches), a separate letter was sent on August 4, 2005 via U.S. mail to each branch location advising each such location that the enclosed adhesive labels should be placed on each of their IP phones. A similar letter was sent on August 4, 2005 via U.S. mail to each headquarters location. Each label indicates that E911 service is not available through that phone.
3. The referenced subscriber notification letter was sent to 100% of CSBB's VoIP customers of record. As of the date of this report, 53% of such customers have submitted an affirmative acknowledgement that they received and understand the letter. CSBB expects that 100% of its customers of record will submit such an acknowledgement by August 29, 2005. Customers of record were notified that the FCC expects CSBB to disconnect their VoIP services on August 30, 2005 if they have not submitted the required affirmative acknowledgement on or before August 29, 2005. The Commission should be aware that our customers are enterprise customers and that any such disconnection would essentially cause their business operations to cease.
4. Subscriber acknowledgments will be maintained in paper and/or computer files under the oversight of the undersigned, who is responsible for CSBB's compliance with the VoIP E911 order:

Dennis James  
Chief Operating Officer of Clear Sky Broadband, Inc.  
6929 E. Greenway Pkwy, #140  
Scottsdale, AZ 85254  
(602) 792-9055
